Claims 1, 3, 8-10, 12-27, 29-32 and 35-47 are presented for examination.

The remarks filed on April 2, 2010 have been received and entered.

Claims 1, 3, 8-10, 12-27, 29-32 and 25-47 are rejected under 35 U.S.C. 103 (a) as being unpatentable over Nutt et al., (Clinical Pharmacology and therapeutics, Vol. 15, Number 2, PP. 156-166 in view of Mayer et al. (US 5,556,838), (Ockert (US 5,376,662) and the European patent Application 0193 355 for the reasons set forth on pages 2-5 of the office action of May 26, 2009.

Claims 1, 3, 8-10, 12-27, 29-32 and 35-47 are rejected on the ground of nonstatutory obviousness-type double patenting for the reasons set forth on pages 2-8 of the office action of January 27, 2010.

Applicant's arguments and remarks have been carefully considered, and are considered to be persuasive regarding Palermo not being a prior art. However, the remaining relied upon references discussed in the office action of May 26, 2009 make clear that opiates and acetaminophen have been previously used for the treatment of pain. The relied upon references also make clear that opiate antagonists have been previously used in order to reduce the side effects caused by opiates. Therefore it would have been obvious to combine opiates, opiates antagonists and acetaminophen for obtaining less pain and reducing the side effects caused by opiates. The Palermo was used to show the combination of claimed opiate agonists and antagonists.

The arguments regarding the double patenting rejections have been noted. Such rejections will be maintained until a Terminal Disclaimer is filed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
